

# HCMT4310: Healthcare Policy and Regulation

**Credit Hours:** 3

**Clock Hours:** 45/0/0

This course discusses the various regulating agencies in the United States as well as broadly exploring policy and regulation surrounding healthcare practices. Topics will include government regulation of health care providers, patient consent to and refusal of treatment, privacy and confidentiality and health information management. Students will gain the ability to analyze policy and discuss how policy and regulation may impact ethical health care practices.
